## About Builder

### Fortune Rudraksh

Founded in 2003, Fortune Group is a reputed developer of premium real estate properties based in Hyderabad, India. Our portfolio includes several successfully completed residential & commercial properties spread across Hyderabad. We are also currently working on key projects such as The Fortune Monarch at Road no. 36, Jubilee Hills and a Multiplex in the Central Business District.

Since our inception we have always strived for impeccable quality, utmost attention to detail, timely execution

of projects and an in-depth research, which have contributed to making us one of the fastest growing real estate developers in Hyderabad. Over the last decade of operations Fortune Group has achieved a remarkable record of high-quality developments.

Our residential projects include Luxurious Villas, Condos, Apartments that involves amenities like swimming pool, clubhouse, Gyms, among others. In our residential projects, emphasis is placed on locational and architectural planning, high standards of quality in construction along with our hallmark safety standards. We are, as a matter of fact one of the only developers to have received Occupancy Certificate for all of our projects.

At Fortune Group we love what we do. It is this inherent passion for what we do that has translated into several notable innovations in our projects and scores of satisfied customers. We were in fact one of the first companies to use Recron- a state of the art reinforcing material which is used to increase the strength and elasticity of civil works, making it less prone to cracks. In all our projects paramount importance is also placed on ventilation and comfort. We just don't build structures but a bond which connects us to our customers. Its the essence of this relationship with our customers that our company has seen tremendous success in this industry within a relatively short span of time.

Fortune Group is a process driven company with a flawless track record in real estate development. Our Team includes the best of Structural Engineers, Planners & Architects who have been with us since our inception. We were also instrumental in drafting the G.O 86 which is the currently prevailing building rules in Hyderabad. It is because of the strength of our commitment to real estate development that our customers and partners have always stood by us and we continue our endeavor of building it stronger by each passing day. We are over the course of the next couple of years committed to expanding our footprint nationally into fast growing Indian cities like Pune, Chennai and Bangalore and internationally into newer & lucrative markets such as South Africa.

At Fortune Group our mission is to raise the standards of real estate development by developing properties that are superior in quality and/or at par with Global standards, providing exceptional customer focus, and thereby creating value for all our Customers, Stakeholders and Employees.
